

WINTER SCHOOL

RESEARCHING MIGRATION & HEALTH

MORE THAN THE RIGHT TO HEALTH

TUESDAY
1 JULY

-
FRIDAY 5
JULY
2025

WITS
UNIVERSITY
JOHANNESBURG
SOUTH AFRICA

WINTER SCHOOL THEMES:

- More than the right to health: unpacking the ambitions of an interdisciplinary approach to M&H research in Africa
- The political & ethical dimensions of global, continental & local M&H governance
- Setting research agendas: differing priorities within & between disciplinary + applied approaches
- Research praxis beyond the academy: small group activities with international & local organisations

Postgraduate students & early career researchers working at research centres, non-governmental organisations & government departments are invited to apply for the 2025 winter school

for more information & to apply
www.mighealth-au-eu.org

application deadline: 30 May

PARTICIPATION IS FREE BUT PLACES ARE LIMITED

THE 2025 WINTER SCHOOL IS AN INITIATIVE OF THE

ARUA-GUILD CLUSTER OF RESEARCH EXCELLENCE IN MIGRATION & HEALTH

The CoRE-MH centres a whole-of-route & focuses on building alliances between researchers & key governance actors to support the development of evidence-informed responses to migration & health along the African Union - European Union migration corridor.

WEDNESDAY 2 JULY 2025

9.30 - 4PM

VENUE TBC + HYBRID

ALL WELCOME
PROGRAMME & RSVP

ABOUT THE WINTER SCHOOL

THE 2025 WINTER SCHOOL IS AN INITIATIVE OF THE

ARUA-GUILD CLUSTER OF RESEARCH EXCELLENCE IN MIGRATION & HEALTH

The CoRE-MH centres a whole-of-route & focuses on building alliances between researchers & key governance actors to support the development of evidence-informed responses to migration & health along the African Union - European Union migration corridor.

The Winter School explores 'more than the right to health' in the context of current research priorities & activities in the field of M&H globally and in Africa.

Through contributions from leading researchers in and outside of the academy, the Winter School involves panel discussions, debates and small group projects to explore research agenda setting and prioritisation processes.

Small group activities with international and local organisations will allow participants opportunities to explore research praxis outside the academy.

The Winter School takes place in-person at Wits University with a hybrid option available for plenary panel discussions. Participation is free but places are limited.
